### About the artist

I'm a software engineer. Basically, I'm computer geek who loves to solve problems. I have been developing software for the last 25+ years but have recently rekindled my love of music.

Many of my scores are posted with individual parts and matching play-along however, this is not always practical. If you would like individual parts to any of my scores or other specific tailoring, please contact me directly and I will try to accommodate your specific needs.

<b>Comment:</b>	As organist at Weimar, Johann Sebastian Bach was charg providing a harmonic underpinning for the singing of Luthe chorale tunes chosen for each day. Bach wrote out many c harmonizations, in part as instruction for younger compose are still used for this purpose). A derivation of this practice conception of the organ chorale, as manifested in the chor preludes, dates from 1713 -1714, about the time he becar (more online)
